

Job Description Volunteer

Volunteer with HBI-DC!

Volunteering with HBI-DC is an opportunity to make a difference in the lives of our patients. It also provides an environment to learn more about viral hepatitis, how our organization works, and how health services can be given to a community. If you become a regular volunteer, you will need to take a TB skin test which is required of all volunteers for our compliance with Departments of Health.

Volunteer Opportunities

- Assist with educational materials in various languages
- Aid Office Manager in packing for screening and outreach events
- Participate in screening events at registration or question tables
- Other opportunities as they arise!

Must be 18 years or older to volunteer. Volunteers will attend a 2-hour orientation prior to serving. Please contact the Office Manager for more information.
